1-Oct-08

Please list 24-30 colleges that you have researched and that meet your personal college selection criteria.

The list must include: 8-10 "reach colleges", 8-10 "attainable colleges" and 8-10 "safe colleges".

The list must include at least 8 D2, D3, NAIA or JC colleges.

	Reach Colleges	Attainable Colleges	Safe Colleges
D1			

D2, D3, NAIA, JC			

**Reach Colleges** - your current baseball talent level or academic record may not be strong enough to get you into these schools, but they are schools that you want to attend.

For example, a reach school could be Arizona State (for baseball talent) or Univ. of Chicago (for academic record)

**Attainable Colleges** - both your baseball talent and academic record fit with these schools. You have a very good chance of being admitted and given a roster spot/scholarship.

**Safe Colleges** - your baseball talent and academic record are above average for these schools. There is a high probability that you will be admitted to the school and be given a roster spot.
